Orthodox Hebrews of St. Louis Hold Memorial Services-Temples Crowded All Day-All Stores Closed.

Prompted by sympathy for the Jews in Russia, 6.866 orthodox Jews held memorial services in St. Louis yesterday. All the orthodox temples were crowded throughout the day. Pasting, a custom that is observed annually by the Jews in their celebration of Yom Kippur, the Day of Atonement, was a feature of the demonstration. All stores owned and conducted by Russian Jews were closed. The rabbis and prominent leaders of the orthodox congregations were among the speakers. Prayers were offered for the dead who have fallen in the massacres in Russia.

Mch. women and children took part in the services in all of the temples. The usual orthodox customs were observed, the members removing their shoes and wearing the sacred robes while prayers were being offered.

There is hardly a home in "Little Russia," the St. Louis settlement where the Russian Jews live, that is not affected in some manner by the recent massacres in their native land.
Parents, brothers, sisters and other relatives have been murdered in the streets of their former homes. Many of the scenes incident to the services yesterday were pittful. Similar services were held in other cities yesterday.

### AMERICAN JEWS HOLD MEMORIALS FOR RUSSIANS.

Resolutions Adopted at New York Mass Meeting Call Upon Hebrews For Freedom.

New York, Dec. 4.—One hundred Jews, each wearing a band of crope on the left arm, marched under a myriad of black banners through the principal streets of the East Side to-day, accompanied by bands playing direcs in memory of the Jews massacred in Russia.

Hundreds of women and children grouped in singing bands were senttered throughout the long parade.

The procession marched to the plam in Union Square, where it resolved itself into a mass-meeting to formulate resolutions.

first, terse resolutions were read by their leaders to the thousands of paraders. The voting was done orally with a great shoot, in which the resolutions were adopted unanimously. After outlining the Russian atrocities and cailing upon the United States to interfere in behalf of the Jews, the resolutions continue:

"To our overwhelming shame, disappointment and sorrow, we realize that eternal vigilance is the price of the Jew's life, and we arge our people to take up arms against their assailants and if needs be, to sell their lives most dearly. We call Jews everywhere towards the defense of the Jewish people."

### **MAYOR WANTS STATEMENT** ON CONDITION OF PARK

mmissioner Auli Will Make De-tailed Report as to Affairs at

Expection Greends.

Mayor Wells yesterday forwarded to Park Commissioner Robert Aull a request for a complete statement regarding the present condition of the park used by the Louisians. Purchase Exposition Company. The time granted the World's Fair for the restoration of the park expired Saturday.

Mr. Aull will submit to Mayor Wells this morning a statement of the condition of the grounds, giving the names and number of buildings demolished and those still standing, and also the statement of the Chicago Wrecking Company as to the length of time still required to place the park in its proper condition.

The report of President Francis to the Municipal Assembly rehearses most of this matter. Mr. Aull's communication to the Mayor will be of an entirely official nature. After Mr. Wells has passed on the matter, the letter, with his recommendations, will probably be sent to the Board of Public Improvements, where the matter of an extension of time will be discussed.

The Joint Committee of the Municipal Assembly will meet the World's Fair officials early this week in the House chambers.

WHEAT QUOTATIONS FIRM ON NORTHWESTERN DEMAND

CORN IS STEADY ON FAIRLY GOOD BUYING.

Decrease in Visible Supply of Oats Stimulates Market, and Provisions Are Strong.

Chicago, Dec. 4.—Excellent demand for wheat at Northwestern markets caused a firm tone to-day in the wheat market here. At the close, wheat for May delivery was up 1½c. Corn was up 1½c. Oats were practically unchanged. Provisions showed a gain of 7½c to 15c. WHEAT.

WHEAT.

Outside of a slight decline at the opening the wheat market had a firm tone throughout the day. The demand was good, but offerings were rather light. As predicted Saturday the world's shipments for the week showed a considerable increase over the corresponding time of last year, the total movement being estimated at 13,995,000 bu. against 19,392,000 bu. a year ago.

year, the total movement being estimated at 13.305.00 bu. against 19.305.00 bu. against 19.305.00 bu. a year ago.

A feature of this statistic was a liberal contribution from Russia, total exports of wheat from that country for the week teleg places at over 5.00.00, compared with 4.50.00 bu, a year ago.

Another bearish factor was an increase of 480.00 in the amount of breadstuffs on ocean pessage. These influences were mainly responsible for the decline at the opening. Fit traders and commission houses sold freely during the first half hour, but when a leading buil came into the pit as a baver, offerings became small Demand from the buil leader was a feature of trading during the last hour.

Minneapolis cash wheat in urgent demand at premium. Duluth also had a good demand for the cash articles. The greatly reduced receipts in the Northwest stimulated the market here for options.

CORN. As a result of active demand from leading longs and good buying by commission houses the corn market was firm throughout the entire session. Small acceptances from the country, an improved cash and export demand and declarations that farmers are holding out for e-cent corn all tended to create bullish sentiment. The market closed firm, May opened be lower at 4the, sold up to 5the and closed at 4the. Local receipts were 22 cars, with 5 of contract grade. OATS.

A decrease of 25,000 but in the visible supply and the revival in export demand was bullish factors in the oats market. Shorts were the best buyers during the last haif of the day and the market was active. The close was firm with prices at the highest point of the day. COTTON SHORTAGE. REPUBLIC SPECIAL

EFFURIAC SPECIAL

New Orleans, La., Dec. 4.—To-morrow's Times-Democrat, in its summary of the cotton situation, will say:

"In so far 25 human ingenuity can determine, there will not be enough cotton from the 195 crop to fill the demand leasonably expected to be made upon it, hence the wind turnoil and radical fluctuations that marked speculative trading in the staple fellowing the announcement of the Government's estimate of the yield.

"Lostcally, the trend of events henceforth, and until new supplies are arsured, must be toward a price basis for raw cotton, which shall bring the requirement within the limits of the amply, and in the process the owner of the remnant will undoubtedly play a more important role as price-maker than it has ever before been his pleasure to play. With such prospect as the outgrowth of yesterday's developments, a price range of 155 points, and a net cain of 65 points on the March option were but little more than ample evidence of the Intensity of augmented builts in sentiment.

"The oureau's estimate is worthy of the most careful consideration. Under the new basis adopted the 1915/318 bales of

"The bureau's estimate is worthy of the most careful consideration. Under the new basis adopted the le.187,318 bales of 500 pounds gross weight reduced to the same basis as heretofore employed mean just 9,720,834 bales of 500 pounds of lint. Adding 28,000 bales of linters and 50,600 bales of repacks gives a total production based on the average weight employed last year of 9,500,600 bales on the basis of 500 pounds gross, the total production figures out 19,417,815 which appears 48,000 greater, but which is not one pound heavier in lint cotton than is the total of 9,500,000, as figured on last year's basis."
